Re: MB Docket No 04-233

Ms Marlene H. Dortch , Secretary

My name is Jack Grose. I am with the Marine Corps League, Detachment 957 located in Princeton , WV. I serve as the Marine Corps Reserve Toys for Tots corridinator for five counties in southern WV.

I am concerned with the rules and regulations changes in MB Docket No 04-233. Last year (2007) we provided christmas to 2,400 children.. We could only do this with the aid and help of our local television station WVVA Channel 6 located in Bluefield WV. They organized and conducted Toy drives at the local businesses in this area and urged Sponsors to donate and support Toys for Tots. Giving our towns and communities a daily update and running PSA thru out the days in Nov and Dec leading up to christmas and only thru WVVA effort could this be acheived.

WVVA is a vital part of of our communities, Gatering coats for the needy children for the cold winter days or assisting other civic groups with food drives for the hungry. Keeping our area informed of all local and national news. We need no changes or alterations in the way they serve us..

Respectfully

Jack Grose
